

The SwedCham AGM elected a new Board Committee and with this executive crowd on board, we can guarantee all members that our organization is facing another fresh spring. Please see below for a presentation of all Board Committee Members.

### **Taiwan and Employment Regulations in the Cards**

On our agenda for the weeks to come are several inspiring events. Next week, on Wednesday the 24, we are co-hosting an event on Employment Regulations together with our Nordic colleagues. Two days after that, the 26, we are happy to welcome our dear friend and former Swedish Ambassador to Singapore: Håkan Jevrell who together with Vlad Månsson from Business Sweden will teach us all there is to know about opportunities in Taiwan.

### **This Season's last ScandBiz Bar**

The week after that it is time for this season's last ScandBiz bar. Mark your calendars for May 2. Are you just made aware that we have entered 2019 and that ScandBiz Bar is on – cherish this opportunity. And please all, come and mingle with Nordic friends.

### **Get Your Agile Boots on and Look North East**

Our fair May's second week will be super busy. On Tuesday the 7, Professional Lecturer Mr Cyril Kortleven will do an inspirational breakfast talk on the "Change Mindset" - something we all need to, if not like, learn and adapt to in this modern world.

The following day, May 8, SwedCham and Business Sweden will host a market outlook event covering the market often mentioned together with Silicon Valley as one of the most innovative places in the world: the Greater Bay Area. Don't miss this.

Last during this eventful week in May, Team Sweden will launch the 2019 Singapore Business Climate Survey at the inauguration of Business Sweden's new office.

In short, many things to look forward to, we wish you eventful weeks ahead!

## Support Finnair with Your Vote!

Warmest Greetings from Finnair!

This year, Finnair joyously celebrate the 8th year of establishing direct flights to Singapore. For over 35 years, they have been connecting the East with the West on the short northern route between Asia and Europe, enabling many to travel not only fast, but also conveniently to and through our Helsinki Vantaa Airport.

With a minimum connecting time of 40 minutes, their strategy is to be **the fastest airline** connecting our customers to Europe.

As Finnair being most valuable supporter to SwedCham, we would like to take this opportunity to invite you to vote for them in this year's TTG Travel Awards selection, for "Best Airline Connectivity". Your support would be Finnair's

motivation to continuously strive to provide the best service for their customers and they would be immensely grateful to have your vote.

Please click on this link to vote for Finnair: <http://awards.ttgasia.com/voting-travel-supplier-form>

What you need to do. Go to section Airline Awards and write **Finnair** into the category “Best Airline Connectivity”, fill in your details on the next page. Done!

Thank you!
